2012-13

"Visualizing Data Using XML and the Mandala Browser"
- Katie Tanigawa, UVic English

This hands-on workshop will help participants use XML and the Mandala Browser to produce meaningful data visualizations. Participants should bring their own TEI-encoded texts if they have them. Sample TEI will also be provided.

Thursday, February 7th | 3-4 pm | Maker Lab (TEF 243)

register: maker@uvic.ca
open to eight participants
