CHICAGO, March 7.—A special to the Tribune from Minneapolis says: It is claimed that Manitoba railroad managers are considering the advisability of putting into effect "milling in transit" rates from Dakota points to Duluth via Minneapolis, Dakota points to Duluth vie Minneapolis, making the same rates to Duluth as to Minneapolis. If this is done the whole fabric of grain rates in the Northwest will go to pieces, and transit lines tributary to Chicago will have a fight on their hands involving millions of dollars. If the "milling in transit" represents is adverted "milling in transit" principle is adopted by Manitoba, the Chicago lines will be forced to make extraordinary low rates to get any business at all.

The strike on the O. R. & N. Company's lines has come to a speedy end.
Yesterday morning the steamer North Pacific arrived from the Sound, bearing Pacific arrived from the Sound, bearing the good news that all hands had returned to work, the Company agreeing to continue to pay the old rate of wages. The pay of those upon whom the cut was made was as follows: Captains, \$100, \$125 and \$150 per mouth, varying according to length of service and size of steamer commanded; first officers \$60 to steamer commanded; first officers, \$60 to lodging. Some of the employes state that the reduction was made without the usual warning, and that the pay already was 20 per cent. less than the scale paid on the same class of boats running out of San Francisco. The men have shown their good sense in returning to work as they did, and the general public is no doubt well pleased that the trouble had so

### Base Ingratitude.

When the Olympian arrived at Seattle on Tuesday, one of the Victoria passengers, an elderly man, lost his balance while walking along the gang plank and fell overboard. Several ropes were thrown to the man, but he did not seem to be able to catch hold of them. Just as ne was about to sink for the third time Andrew Hennessey, quartermaster of the Olympian, without waiting to divest him-self of his clothing, sprang into the water and succeeded in rescuing the drowning man. No sooner had the man been landed on the dock when he strode rap-ly away from the scene without even chanking his brave rescuer. Mr. Hen-

The Wages of Miners.

It is reported that when the price of coal went up the wages of all miners on Puget Sound were advanced 15 per cent. on the stipulation that if the price of coal went down wages should be lowered as much as they had been advanced. During the past few months the price of Seattle coal has dropped from \$10 to \$6 in the San Francisco markets, the supply being so much greater than the demand. Owing to this drop in prices the coal companies to this drop in prices the coal companies now claim that at the present prices coal cannot be mined and marketed so as to leave a fair margin of profit. To meet this exigency meetings have been held by the mine operators, and a reduction of 15 per cent. in the wages of miners has been determined upon. Just when this reduction will go into effect has not been definition. tely determined upon, but it will not be onger than a few days.

### A Parting Souvenir

Mr. Starr who led the company as they Mr. Starr who led the company as they filed into the room, amounced that they had come to bid their teacher good-bye, and to wish her a pleasant and safe journey to her home in the east. It was soon evident, however, that more was to follow, for Mr. Starr continued to "hold the floor," and said that they had brought with them a small token of their love and with them a small token of their love and with them a small token of their love and esteem, and that it was his pleasure to make the presentation. A very large and elegant album, a beautiful gift, was then brought to light and handed to Mrs. Chase, who received it with but few words—those who have been placed under like circumstances know how it is. It was received in love and with thanks, and also with a wish that each core of the \$75; pursers, \$60; chief engineers, \$100 to \$125; second engineers, \$60 to \$75; to \$125; second engineers, \$60 to \$75; and also with a wish that each one of the to wages the officers received board and class would add to the pleasure by furnishing his or her photograph to occupy the first pages of the book.
